SABIAN 10" HHX Evolution Splash Brilliant Finish

This highly responsive model delivers bright, fast and penetrating projection, and lots of it! The SABIAN 10" HHX Evolution Splash is a Modern Dark Splash with increased bite and rapid decay. Until HHX, it was impossible to project darkness. But the dark, simmering sound, agitated bite and "Tone Projection" design of HHX makes this series more effective than others. Other cymbals may generate darkness, but HHX stirs up more simmering heat, more musical dirt, more of what drummers want to hear – and projects it. It gets you heard. And felt. HHX "Tone Projection" is an innovative design, created by the SABIAN Vault team.
