SABIAN 17" HHX Evolution Crash Brilliant Finish

Warm, explosive response is fast and shimmering for increased projection and cut. A best-selling Core model, the SABIAN 17" HHX Evolution Crash is a Killer Crash! Until HHX, it was impossible to project darkness. But the dark, simmering sound, agitated bite and "Tone Projection" design of HHX makes this series more effective than others. Other cymbals may generate darkness, but HHX stirs up more simmering heat, more musical dirt, more of what drummers want to hear – and projects it. It gets you heard. And felt. HHX "Tone Projection" is an innovative design, created by the SABIAN Vault team.
