SABIAN 17" HHX X-Plosion Crash Brilliant Finish

Bursting with tuneful, explosive attack, the SABIAN 17" HHX X-Plosion Crash deals out simmering, dark tones boosted by explosive tone. Also available in Modern Bright AAX models. Until HHX, it was impossible to project darkness. But the dark, simmering sound, agitated bite and "Tone Projection" design of HHX makes this series more effective than others. Other cymbals may generate darkness, but HHX stirs up more simmering heat, more musical dirt, more of what drummers want to hear – and projects it. It gets you heard. And felt. HHX "Tone Projection" is an innovative design, created by the SABIAN Vault team.
