SABIAN 18" HHX X-Treme Crash

A simmering hot blast of deep, dark, dirty tone -- with ripping bite and rapid decay. All powered by HHX "Tone Projection" design. SABIAN 18" HHX X-Treme Crash is a Killer Crash! Until HHX, it was impossible to project darkness. But the dark, simmering sound, agitated bite and "Tone Projection" design of HHX makes this series more effective than others. Other cymbals may generate darkness, but HHX stirs up more simmering heat, more musical dirt, more of what drummers want to hear – and projects it. It gets you heard. And felt. HHX "Tone Projection" is an innovative design, created by the SABIAN Vault team.
