SABIAN HHX Legacy Pack

The SABIAN HHX Legacy Pack offers drummers the dark side of legendary Dave Weckl's sound in a trio of plus-size cymbals: 15" Hats, a 22" Ride, and a FREE 19" Crash. 15" Legacy Hats offer clean, crisp stick articulation and solid pedal "chick" with warm, tonal colour. A 22" HHX Legacy Ride provides controlled stick definition, wash and darkness. A 19" Legacy Crash is loud and dark, but always musical – and FREE!
