SABIAN 18" FRX Chinese

The FRX 18" Chinese offers just the right amount of trash and attack to be heard, while never getting in the way of other live mics on the stage. It delivers the blistering heat of a China, with built-in EQ for complete control. FRX cymbals are designed for playing environments where traditional cymbals are just too much. They are not low volume practice cymbals, rather they are professional B20 Bronze cymbals, offering complex and versatile tone across the entire line.
