SABIAN 20" XSR Rock Ride

Crafted from pure SABIAN B20 Bronze using trickle-down technology from award-winning Evolution and X-Plosion cymbals, XSR delivers unpresented sound and performance at a price designed to fit your cymbal budget. The SABIAN 20" XSR Rock Ride features a powerful bell for playing hard-hitting grooves. Its Heavy weight means even more metal for solid, highly defined stick response that cuts with clarity. XSR is not a budget series, but rather a line of smartly-priced cymbals that would not be out of place on any drum kit, on any stage.
