SABIAN 18" HHX New Sym French Single

SABIAN 18” HHX New Symphonic French pairs are thin and light-weight. They deliver quick and shimmering responses with short sustain. SABIAN 18" HHX New Symphonic French are suitable for soft to moderate dynamic levels, and where dark, thin sounds are desired. Because they are thin models, 18" HHX New Symphonic French will have less articulation than other pairs, and are therefore not typically used for marching music.
