SABIAN 18" HHX COMPLEX ESPRESSIVO SINGLE

Using trickle down technology gleaned from years of developing some of the world’s top selling cymbals lines
like HHX Evolution and Legacy, and Artisan, SABIAN HHX Complex hand cymbals are a range of exquisitely dark cymbals. The Complex Espressivo hand cymbals employ a combination of HH and HHX hammering, a raw hammered bell, and a number of the aforementioned proprietary techniques, resulting in one of the richest, and sweetest hand cymbal pairings SABIAN has ever produced.
