SONICAKE MATRIBOX II MULTIEFFETTO PER CHITARRA/BASSO

SONICAKE MATRIBOX II MULTIEFFETTO PER CHITARRA/BASSO

Matribox II è il processore multieffetto di seconda generazione di Sonicake, che eredita il ricco bagaglio tecnico della prima generazione, e compie ulteriori passi avanti in termini di tecnologia e qualità. La nuova piattaforma hardware e la tecnologia di modellazione digitale sono in grado di riprodurre perfettamente ogni dettaglio del suono, e di eseguire prestazioni più accurate, chiare e ad alta fedeltà, soddisfacendo diverse esigenze creative.

Caratteristiche:

- 200+ Built-in Guitar/Bass/Acoustic Effects with 63 Legendary Amp Models and 61 carefully selected IR Cabinet Simulations, 3rd Party IR Support (15 User Slots).
- 100 Built-in Drum Rhythms and 90 Seconds Looper, 198 Presets, Adjustable Signal Chain with Maximum 10 Simultaneous Effect Blocks.
- USB Audio Interface with Stereo Audio Streaming, Support OTG function for directly connecting to iOS/Android Mobile Devices.
- Free Mac/Windows Software for Sound Editing and Presets Managing.
- Matribox Gen 2 hardware platform with advanced digital modeling technology
- High-definition white box modeling for a realistic sound experience
- 63 amplifier and over 93 effect pedal simulations
- 61 cabinet simulations with support for 15 user IRs
- 10 simultaneous and movable effect modules
- Large color screen with user-friendly interface
- 3 footswitches with two customizable footswitch modes
- Built-in expression pedal, support for external pedal or footswitches
- FX LOOP interface supports the 4 Cable Method for connecting other devices
- Headphone interface compatible with various impedance headphones
- MIDI I/O for integration with other MIDI devices
- With AUX IN and the ability to record via USB Audio
- USB Audio supports Win/Mac/iOS/Android systems
- USB Audio features multiple sets of virtual I/O interfaces, supporting operations such as Loopback and Re-Amp.
- Easy-to-use editing software for Win/Mac
- 90-second loop function

- 100 drum rhythms, including metronome
- Tuner with screen display, fast and accurate
- 198 preset slots (99 factory presets)
- Durable metal casing
- Powered by 9V DC power supply
