KONIG & MEYER 18905-000-55 | Tabletop for X-stands

The robust MDF tabletop with an attractive carbon-look coating is suitable for all X-stands with support tubes of ø 25 or 30 mm and a support depth of 350 mm. With its generous dimensions of 450 x 1,100 mm, it offers enough space for controllers, mixers, laptop synthesizers and many other devices. Assembly is easy to accomplish. Simply slide the tabletop onto the keyboard stand and center it. No further fixing is required. Dimensions: 1,100 x 450 x 15 mm, Weight: 7.24 kg.
