PLANET WAVES PWBS-RR RICH ROBINSON BRASS SLIDE

D'Addario has worked with Rich Robinson of "The Black Crowes" to create a new and unique brass slide. The Rich Robinson Signature Brass Slide brings you the crisp, bright tone of a brass slide with a unique taper inside, making the slide form comfortably to your finger. This taper helps prevent the slide from moving, giving the player extra control and comfort while performing.

- Signature brass slide designed with Rich Robinson
- Inside taper for comfort and extra control
- Crisp, bright brass tone
- One size only

D'Addario Accessories is known for innovative, problem-solving, quality musical accessories offering a complete line of award-winning accessories including cables, picks, tuners, capos, straps, humidifiers, maintenance tools and more.
