DPA MS4099 STAND ADAPTER GOOSENECK PER MICROFONO 4099

Stand mount to easily and quickly connect a d:vote™ 4099 Instrument Microphone to a microphone stand. The mic can be easily unclipped and repositioned or moved to another mic stand (or instrument with the right clip).
This mount has a 3/8? thread that also fits smoothly with our elegant floor stand series. The top of the holder has a 360° turn-around option on a ball joint.
