HUGHES & KETTNER DUOTONE COMBO

Full-bodied clean tones with warm presence are controlled by independent volume and 3-band EQ. Overdrive graduates smoothly from a slight raspy edge to full-throated screaming. The overdrive is controlled by gain, volume, and 3-band EQ. 2 master volumes, selectable by footswitch' master presence control' variable Accutronics reverb' and an effects loop with level control. Footswitchable boost button for the OD channel lets you really put the pedal to the metal. 50W of tube power come from 2 EL34s into a 12" Celestion speaker. Includes cover.

FEATURES:

- 50W all tube
- 12" Celestion speaker
- 3-band EQ and volume for each channel
- Gain control and footswitchable boost on OD channel
- 2 footswitch-selectable master volumes
- Effects loop with level control
