KONIG & MEYER 26250 ONE-HAND MICROPHONE STAND PERFORMANCE BLACK

The practical one-hand microphone stand Performance impresses through its reliability and functionality. The stable combination of high quality round-shaped rods and the elegant one-hand adjustment present a harmonious overall appearance. Also in connection with the classic König and Meyer expandable boom, the stand and #39's elegant design is not diminished in any way. With the practical one-hand system the height of the stand can be adjusted smoothly and silently (no scratching noises). The ingenious steel base with its elegant plastic cover provides more stability even though the base is much lighter. A circular rubber insert ring on the base also reduces unwanted vibrations and foot traffic noise, even when the stand is placed in extreme positions. In addition, the floor (e.g. wood floor) is protected from possible damage.

Data:
- Base diameter: 275 mm
- Height: from 1,055 to 1,750 mm
- Height adjustment: one-hand clutch
- Leg construction: round base
- Material: rod combination made from aluminum, handle bar plastic
