VIC FIRTH 5A AMERICAN CLASSIC DRUMSTICKS -
WOOD TIP

The American Classic® 5A has long been one of the world's most popular drumstick models.

The American Classic® line combines tradition and Vic Firth style. With bold designs, the Classics are turned from select hickory — a dense wood with little flex for a more pronounced sound. Hickory is also capable of withstanding a great deal of shock, making it highly durable. The tips are deeply back-cut for intensified cymbal response.

Tear drop tip for rich cymbal sounds. The #1 stick in the world great for every style of music!
