PRO MARK F5AFG BACCHETTE FORWARD 5A FIREGRAIN ACORN

- Length: 16"

Diameter: .565" (5A)Tip Material: WoodTip Shape: Acorn

Promark's most durable Forward 5A ever. FireGrain is a revolutionary heat-tempering process that transforms ordinary hickory drumsticks into precision tools with unprecedented durability. While keeping their original weight, balance, and attack, Promark FireGrain sticks allow drummers to hit harder and play longer, naturally. No excess vibration, no space age gimmicks, just natural hickory, hardened by flame. The Forward 5A features a short, 2 1/4" taper for power and speed.

- Hickory is the most popular wood choice for drumsticks due to its resilience, responsiveness, durability, and classic feel
- FireGrain a revolutionary heat-tempering process that transforms ordinary hickory drumsticks into precision tools with unprecedented durability.
- The reinvented Acorn tip provides a larger sweet-spot to increase responsiveness and articulation.
- All Promark drumsticks are designed, engineered, and manufactured in the USA at our Texas facility to the most stringent quality controls in the industry
