VIC FIRTH 5BPG 5B PUREGRIT AMERICAN CLASSIC

Our classic 5B design, customized for sweaty players. Lacquer-free with special PureGrit processing for added abrasive texture.

Because every drummer’s body chemistry is unique, one size doesn’t fit all when it comes to finding a way to improve grip. Vic Firth’s American Classic® PureGrit sticks are designed to offer two new tactile experiences for the 5A and 5B player. Together with our classic clear lacquer, VicGrip and DoubleGlaze, the PureGrit option offers players even more possibilities to find their own perfect feel.

The American Classic® PureGrit sticks are not only lacquer-free, but also undergo a unique abrasive processing step, which adds a touch of “grittiness” and raw wood texture to the shaft. Because the stick is not treated, over time the player’s perspiration and oil penetrates the surface of the stick, creating a natural feel and a oneness with the wood.

Specs:
Diameter: .595" | 1.51cm
Length: 16" | 40.64cm
Material: Hickory
Surface coating: PureGrit
Type: Wood
Shape: Tear Drop
Surface area:Medium
