MATON MS 2000 GUITAR ELECTRIC STANDARD
FLAMED KOA

From the MS500's up to the 60th Anniversary Starline on to Maton's newest T-Byrd. Each Maton electric guitar carries with it more than 60 years of Rock & Roll history and the memory of a million riffs. So if you're serious about tone and have been searching for that special guitar... you've found it.

The carved top model Mastersound has all the styling of a classic guitar with pickups that offer definition between the strings and high attack. The MS2000 series also comes loaded with TonePros bridge and tailpieces, regarded amongst the finest in the world for their exacting intonation and increased sustain.
