D'ANGELICO PREMIER DC - BLACK

The Premier DC is a powerful double-cutaway semi-hollow with standout tone. Driven by a pair of D'Angelico humbuckers, its bold mid-range and glassy high-end provide perfectly balanced output. And with cream binding, a maple top, and chrome hardware, the DC's aesthetic is remarkable. Equally suited across genres, the Premier DC's tones are as diverse as they are rich. Available with our signature Stairstep tailpiece' a traditional stop tailpiece' or in a closed-top no f-holes option.
