PEARL BC2030 CYMBAL BOOM STAND

The Pearl BC2030 Boom Cymbal Stand features a new Gyro-Lock tilter, new collars, and a new Trident Tripod. The BC2030 cymbal stand has a die-cast pipe joint using a nylon bushing prevents unwanted noise from metal-to-metal contact within the tube and parallel double-braced legs keep everything planted securely via the new vibration-absorbing rubber feet.

The counter weight and Gyro-Lock Tilter can be detached to further customize our set-up. Mount your cowbells, tambourines, or blocks easily with the Gyro-Lock Tilter's built-in percussion holder.

CYMBAL TILTER: Gyro-Lock, WingLoc, Reversible Cup Washer w/ O-Ring
PIPE JOINT: Die-Cast Joint
LEGS: Double Braced Legs
PIPES: 1 1/8", 7/8", 5/8", 5/8" + 12mm Rod
