Gretsch Catalina Club Mod sets the stage for the modern player with tonal and visual distinction. Club Mod's mahogany shells pump out deep tones from the extra-deep 20"x22" bass drum, 6.5"x14" snare drum and one up, one down tom set-up. Black hoops and black offset lugs compliment flashy drum finishes. Characterized by bold looks with a thunderous sound, the Club Mod is a killer drum set for modern clubs.
