XOTIC BASS RC BOOSTER V2

A transparent boost just for bass for fatter, punchier bass tones. Now you can enhance the natural harmonics and open up your sound, now with even more gain. Is also the perfect remedy for signal loss and EQ limitations common to vintage basses.

Designed to enhance your bass guitar tone without masking it.

- Super Transparent 20dB+ Clean Boost
- Adjustable +-15dB Two Band Active EQ
- Run it at 18v for even more headroom
