FISHMAN AURA PRO-AIP-N01 NYLON

FISHMAN AURA PRO-AIP-N01 NYLON

The Fishman Aura N01 Acoustic Imaging Pedal allows you to optimize the live sound of your Nylon-string acoustic guitar, giving it a studio-quality sound in a live setting! Using specially developed digital algorithms developed in Fishman's own labs, the Aura N01 pedal creates an image of your guitar's natural sound as it would be captured by premium studio mics. Put through a live system, this maximized sound image gives you uncompromised tone in a performance setting. Get the most out of your acoustic with the Fishman Aura N01 Acoustic Imaging Pedal!
