JOYO I-MIC MINI-MICROPHONE CONDENSER FOR  
SMARTPHONE

I-MIC is a super-mini micro phone that specially designed for your ios/android/windows intelligent equipment,with the metal shell, gold plated connectors and hi-quality mic.I-MIC is very easy to use——just plug and record,anytime anywhere without power supply.I-MIC will help you to catch the special moment in your life,and also the special insperation that may help you to wirte a great song——we know your cellphone can,but I-MIC do it better. (Note: some of the android/windows phone series devices need a converter to convert the polarity.
