PEARL PAR100 ANARCHY CRASHER

Don't Conform! Make your own rules! Start your revolt with the New PAR100 Anarchy Crasher. This latest addition to the Pearl Percussion Anarchy family yields only to ear-splitting stick bashing for a piercing "white-noise" effect. Mount it off a standard 3/8" percussion post or any Pearl cymbal stand, as the mounting bracket accepts the diameter of the Pearl Wing Loc so you can stack the Crasher on top of a cymbal, for quick accents that will stun your audience.
