

## SABIAN 61140H HAND HAMMERED B8 BRONZE TRIANGLE SET

**359,00 € tax included**

Reference: SA61140H

SABIAN 61140H HAND HAMMERED B8 BRONZE  
TRIANGLE SET

Made of the same B8 bronze alloy used in many of Sabian's cymbals, these triangles are completely hand-hammered and great an overtone-rich sound. They're great for making a shimmery, thick, metallic laser of sound. Four triangles are included: 4", 6", 8", and 10". You also get a set of beaters and a case to carry the whole set. As a set, these triangles are also less expensive than purchasing them individually!

- Features: B8 Bronze Alloy
- Completely Hand-Hammered
- Four Triangles, Beaters, & Case Included
- Thick, Overtone-Rich Tone
- Less Expensive Than Individual Triangles
