SABIAN AAX SYMPHONIC MEDIUM HEAVY 18"

Designed for cutting impact. The AAX 18" New Symphonic delivers modern musical resonance to an orchestral setting. The medium-heavy weight ensures a clear, focused pitch that cuts through loud sections. The projection and pitch are also enhanced as a result, producing a bright and glassy explosion of sound. Great for climactic music! This 18" model produces a long sustain, but shorter than the larger versions of the New Symphonic line.
