P-932/L DOPPIO PEDALE G.CASSA

Pearl changed the game with the introduction of the Eliminator Demon Drive Pedal in 2009. Now in 2013, Pearl introduces the Demonator bass drum pedal. Featuring the industry leading characteristics of the award winning Demon Drive pedals, the Demonator is a wonderful addition to the Demon Drive family.

The Demonator is a single-chain drive pedal, equipped with a Demon Style Powershifter long-footboard. An interchangeable cam (US Pat. #6172291) and infinitely adjustable beater angle allow you to customize the pedal to your preferred feel and power. Pearl's Click-Lock spring tension keepers (US Pat. #7754953) and Control Core Beater (US Pat. #7626108) give the finishing touches to this amazingly versatile pedal. The Demonator single pedal is included in Pearl's new 930 and 830 Hardware Packs.

A Demonator Double Pedal Conversion Kit is also available.
