BEHRINGER HPX 2000

CUFFIA PER DJ

The HPX2000 high-definition DJ headphones are high-quality DJ headphones for demanding users in home and live applications. Their superb frequency response, high-efficiency cobalt capsule and single-sided oxygen-free copper cord promise uncompromising performance. You get high-definition bass and super-transparent highs, and ultra-high dynamic range. There are flexible turnable and foldable round-shaped ear cups with ultra-rugged headband construction.
