LICK LIBRARY: STEVIE RAY VAUGHAN GUITAR TECHNIQUES

Vaughan, Stevie Ray
LICK LIBRARY: STEVIE RAY VAUGHAN GUITAR TECHNIQUES
The fiery Texas blues of the late Stevie Ray Vaughan ignited a global revival in traditional blues/rock guitar in the 1980s, creating a vital alternative to synth-driven pop trends and the technique-obsessed speed masters of Los Angeles rock. This DVD will help you discover skills and techniques needed to recreate SRV's heavy, poignant and powerful style. Learn 50 trademark licks and incorporate them into your own playing to revolutionise your own blues style.
