GRETSCH G6120 SHBKTV BRIAN SETZER HOT ROD  
- FLAT BLACK

Rock this town...! The updated Gretsch Brian Setzer Hot Rod models have been stripped down and rebuilt to Brian's rockin' and exact specifications. The G6120SHTV comes stock with TV Jones® Classic pickups, 1959 trestle bracing, Sperzel® locking tuners, pinned Adjusto-matic™ bridge, Bigsby® B6C Vibrato tailpiece, and your choice of Flat Black, Candy Apple Red, Regal Blue, Tangerine, Purple, or New Lime Gold Hot Rod finishes. Also available with TV Jones designed Hot Rod pickups. The Professional Collection by Gretsch offers the absolute highest standard for the discriminating Professional player. Gretsch has spared no expense to both recreate the sound and feel of their original electric guitars of the 50's and 60's and to offer models with more modern advancements. With dozens of different models and variations to choose from, there truly is a Gretsch for every playing style from traditional Chet Atkin's style finger picking to hard driving Rock & Roll and beyond! With the Professional Collection, You can certainly have your Grandpa's Gretsch recreated with stunning authenticity, but you can also have a guitar that exceeds all standards of modern precision guitar building!
