GUIL ELC610

Compact telescopic lift for spotlights, specially designed for easy transportation when folded. It has been certified to lift loads of up to 80 kg to a maximum height of 2.70 metres and has a Ø 35 mm top spigot.

To reach a maximum height of 3.20 m with the ELC-610 wind-up stand the extension tube ref. PRL-01 can be added.

(PRL-01 Not included)

Its user friendly and compact design, with a folding and adjustable base, make the ELC-610 Lift ideal for any kind of temporary event, both outdoors and indoors.
Safety systems

ELC-610 is equipped with two safety systems which guarantee maximum reliability and resistance:

1.- It is equipped with a hand winch with automatic braking system. Its auto-block system ensures the load remains in position whenever the handle is released.

2.- Safety Blocking System.

The ELC-610 wind-up stand complies with current European standards and safety norms.
