ICON IKEYBOARD 4 NANO, USB MIDI CONTROLLER, 37KEYS

iKeyboard 4Nano

The Icon iKeyboard Nano Series combines 37-key semi-weighted keyboards with a single channel DAW controller in a rugged metal enclosure. The controller also provides pitch bend and modulation wheels, and Octave and Transpose up/down buttons.

The Icon iKeyboard Nano includes factory presets for most popular DAW's including Cubase, Nuendo, Logic Pro, Reason, Pro Tools, Ableton Live, Samplitude and Studio One. Every control on the iKeyboard Nano can be custom-mapped to any MIDI application using the included iMap software. The iKeyboard Nano uses Mackie Control and HUI protocols for presets and automatic mapping, and can be configured for general MIDI values as well.

- Powerful controller is equipped and easy setup with Mackie Control and HUI protocol
- Dual function encoder knob (Enter & rotate)
- 11-segment LED surrounding the encoder to indicate the rotating position Velocity-sensitive piano style keyboard
- Modulation and Pitch jog-wheel
