IK MULTIMEDIA T-RACKS3 SINGLES

T-RackS 3 Singles
Single Effects Processor series

T-RackS 3 Single Effects Processor series offers each of the 10 modules included in the award-winning T-RacKS 3 Deluxe Mastering & Mixing Suite, available as individual processors that operate as native VST, AU, or RTAS plug-in, for more convenient usage inside any popular DAW when mixing individual tracks.

In addition to being used as a plug-in on individual tracks, all T-RackS 3 singles can be integrated into the the T-RackS 3 Standard Mastering & Mixing Suite (both Plug-in and Standalone) as a user's needs expand. For example, a user who owns the T-Racks 3 Standard suite can add the Vintage Compressor 670 module and integrate it into the 12 slots in the series/parallel chain available on both the T-RackS 3 Plug-in suite and T-RackS 3 Standalone..

The T-RackS 3 Single Effects Processor series includes these 10 plug-ins:

* Vintage Tube Compressor/Limiter model 670
* Vintage Tube Program Equalizer
* Opto compressor
* Intelligent, multi-algorithm Brickwall limiter
* High precision, high definition Linear Phase Equalizer
* Classic T-RackS Compressor
* Classic T-RackS Multi-band Limiter
* Classic T-RackS Clipper
* Classic T-RackS Equalizer
* High quality, high precision, complete metering suite

Features:

* 10 individual mixing/mastering processors series comprised of 3 analog and vintage emulations (including models based on the Fairchild 670 and the Pultec EQP-1A), 2 digital processors as well the 4 classic T-RackS processors plus metering suite with Peak, Perceived Loudness, Phase, and RMS meters, plus a Spectrum analyzer with Peak, RMS and Averaging indicator
* VST, Audio Unit and RTAS plug-ins for any compatible DAW on Mac or PC
* New high-fidelity oversampling with crystal clear transparency, for high quality audio processing
* A-B-C-D quick comparison settings allow to compare various processor set-ups with one click

* New SCC™ technology coupled with IK's unique DSM™ technology provides the most realistic software emulation of vintage gear to date
* Can be integrated within T-RackS 3 Standard Mastering & Mixing Suite plug-in or standalone
* Presets can be read within module presets in T-RackS 3 Deluxe or Standard Mastering & Mixing Suite
* Extremely affordable: each plug-in are available for a fraction of what comparable sound quality plug-ins cost
* Current owners of T-RackS 3 Deluxe or Standard suites will be given the individual modules (included in the package they purchased) as a FREE download in their IK User Area

T-RackS 3 Single Effects Processor series has all the tools you need to create superb, tube-toned or digital-tuned, mixes and masters on you DAW.

Its rich, warm sound combines new tube-modeled and state-of-the-art digital processors on top of its classic top-notch analog classics. The complete metering section keeps all the most important variables of your sound under control. A truly superior set of processors that will put a polish on your tracks you may have never thought possible. All this, while adding the beautiful warmth and space of the tube devices it emulates. No other plug-in series offers this kind of dedicated environment for such an important task, and nothing sounds like T-RackS 3.
