LD SYSTEMS RF1

The LD Systems RF1 microphone filter surpresses unwanted reflections, ambient noise, room reverberation and echos to achieve the "dry" recording vocals / voice or instruments even under adverse conditions without expensive studio acoustics modification or insulation. The lightweight but rugged construction with high quality sound insulation material is suitable for mounting on any standard microphone stand.

- Portable Microphone Isolation / Diffusion Device
- Lightweight and mobile
- Mounts on standard microphone stand
- Threaded Adapter 3/8" and 5/8" microphone holder for tripod
- Microphone height adjustable
- High-quality soundproofing materials (different sound absorbing foams plus aluminum)
- Robust construction with aluminum frame
- Dimensions (W x H x D): 50.40 x 30.60 x 27.00 inches
- Supplied without microphone
