LD SYSTEMS SAT 42 G2 4" PASSIVE INSTALLATION MONITOR BLACK (PAIR)

The LD Systems SAT42G2 is an ultracompact 2-way speaker that is suitable for smaller installations and unobtrusive integration in practically any surroundings, e.g., in bars and restaurants, retail shops or even at home.

A balanced sound with a 60° x 60° dispersion angle and a maximum sound-level pressure of 103dB is ensured by the 4" custom woofers and a 1“ silk dome tweeter with wave guide. The impedance of 16 ohms permits parallel operation of eight SAT42G2 speakers on 2 ohms. For a deeper bass foundation with powerful drive, the subwoofers in the LD installation series are the ideal addition.

The cabinet with a rugged textured coatingis made of 12 mm MDF and is available in black and white. M6 inserts and an included mounting bracket provide varied possibilities for mounting' a universal joint mount is available as an accessory. It is connected via spring terminals.

Specifications 4" Installation Monitor Passive:
