LATIN PERCUSSION M1405GN MATADOR STAVE
QUINTO CAJON

Making a cajon in the shape of a mini conga and out of Mango staves creates a unique instrument that is truly an innovation in percussion. The large "belly" has the resonance of a much bigger drum while the smaller top provides sharp highs for amazing sonic range.

Features:

- H-17-1/4" W-11" D-10-1/2"
- Staved Mango body with Poplar soundboard
- Large belly provides expanded sonic range
- Textured seating surface
- Green finish body with natural soundboard / Mahogany finish body with natural soundboard
- U.S. Patent No. D786,337
