PEARL CH830S SHORT CYMBAL BOOM ARM

Designed for both drumset rack and front ensemble applications, this new compact cymbal holder allows for more placement options than a traditionally-sized cymbal holder. The new size also provides for a cleaner look, allowing you to see more of your drum finish or mallet instrument. Clean up the look of your rack or front ensemble with the new CH830S!

Model: CH830S
Tilter: Uni-Lock
Diameter: 7/8" Diameter Post with Stop Lock
