PEARL DR-503C DRUM RACK

The Pearl ICON DR503C drum rack is the curved version of Pearl's popular DR503. The rack's curved bars allow closer drum component positioning and present a more rounded feel and visual appearance. It offers flexible height adjustments with 100% slip-proof square tubing. Each bar adjusts infinitely and independently to any position along its 34" tall legs which accommodate bass drums up to 28" in diameter. All rack bars are 44" long for compact storage and portability.

The Pearl DR503C rack system is equipped with a front and 2 side sections with (4) PCX100 clamps and (2) PCL100 Pipe Clamps that attach to the tops of the vertical legs to accept tom holders or cymbal holders.
