SEYMOUR DUNCAN SJBJ-1B WHITE

Our legendary JB Model but in a single coil size. Delivers all the upper midrange harmonics and power to breathe new life into your bridge position.

Description:

The JB Jr. model will take your Strats bridge position to a whole new level. This high output single coil sized humbucker will give you nice crunchy chords, and screaming lead tone with that classic upper midrange cut. There will be tons of bright harmonic sparkle, and a tight focused low end. The 4-conductor lead wire gives you access to parallel and split wiring options for added versatility. This pickup is a drop-in for any single coil pickup route.Pair with neck versions of our JB Jr. Strat, Little ’59 Strat or Duckbuckers Strat Hand built in Santa Barbara, CA, the JB Jr. for Strat comes with a ceramic magnet, 4-conductor lead wire for multiple wiring options, and is wax potted for squeal free operation.
