LA BELLA 760FHBB BEATLES BASS SET

LA BELLA 760FHBB BEATLES BASS SET

Our “Beatle” Bass set is made up of special lengths and gauges. Each handmade flat wound stainless steel string is calibrated to fit the three different bridge types made by Hofner.

- Stainless Steel Flat Wound
- Deep, authentic “Beatles” tone typical of La Bella flat wound bass strings
- Fits Hofner “Beatle” basses and similar models that require 34? distance from ball-end to silk. Please do not substitute this set for a medium scale set.
- Tension: Standard
- String Gauges: .050, .065, .080, .100
- Made in the USA with American Wire
- Packaged using MAP Technology (Modified Atmosphere Packaging) to prevent tarnishing and ensure freshness

Please do not use this set to replace any of our medium scale bass sets as they will not fit medium scale basses due to the string construction. La Bella makes medium scale bass sets for all of our bass strings.
