

PEARL Flip Mute Drum Key

37,00 € tax included

Reference: PFMDK080

PFMDK080

Pearl die-cast chrome drum key combined with leather key strap.

Providing quick on/off muffling of your snaredrum

The Pearl PFMDK080 Flip Mute Drum Key combines a standard drum key with a snare drum mute. With that duo, you can control the sound and overtones of your snare drum and easily grab your drum key quickly for tuning alteration. The Pearl PFMDK080 Flip Mute Drum Key rests comfortably on any tension rod, while the mute is ready to be flipped at any time. For more nuanced muffling, add a coin to the leather pouch.
