SJM-1n Vntg for Jazzmaster

11301-03 Vintage correct single-coil Jazzmaster pickups that deliver that classic late 50s tone - Clear, with boosted highs & mids. With its classic look and sound, our Vintage Jazzmaster neck pickup gives you a bright, punchy surf tone with that nice, fat sounding low end. The neck model is wound RWRP, reverse wind reverse polarity, to give you hum-canceling when used in combination with the Vintage Jazzmaster bridge pickup. Our Vintage Jazzmaster bridge pickup gives you a bright, punchy surf tone with that nice, tight low end. Chords really cut through, and solos have plenty of snap. This pickup is a drop-in replacement for Fender American Standard Jazzmaster sized pickups and will fit perfectly into the original cover. We use hand ground alnico 5 rod magnets, vintage correct Forbon flatwork, and cloth push-back hook-up wire. The pickup is wax potted for squeal free performance. Does not come with cover.
