11101-09 Period correct from the construction to the sound, the Vintage Mini Humbucker delivers the classic Vintage Firebird tone that has all of the sparkle of a single coil with the tight low end of a full-sized humbucker. The Vintage Mini Humbucker bridge pickup delivers the classic Firebird tone that is a special blend of bright, single coil high end, and more focused humbucker low end. The result is a pickup with a cool snarly grittiness, and enough bite to cut through any mix. Great for big, midrangy chords, or solo tone with an edgy bite. The Vintage Mini Humbucker neck pickup offers a blend of bright, single coil high end, and more focused humbucker low end. The result is a pickup with a gritty tonal character, and enough drive to really cut through the mix. Great for warm, midrangy chords, or fat solo tone with sizzle. Hand made in Santa Barbara, CA, this pickup is a drop-in replacement for any mini-humbucker sized route and is intended to be mounted to the guitar using a Firebird style mounting ring and 3-48 humbucker mounting screw. Comes with braided single conductor lead wire.
