APH1b Alnc II Pro Humbuckr Blk

11104-05-B Iconic voiced humbucker pickups that deliver classic rock and blues tones loved by millions. Our Alnico 2 Pro humbucker pickups will instantly turn your guitar into a true bluesbreaker. The Alnico 2 Pro Humbucker neck uses the soft treble attack and low string pull of an alnico 2 bar magnet, combined with a special vintage output coil wind to create a warm, sweet tone that is smooth and full, with tons of natural sustain. The highs sound thick and really sing, while the lows are warm and buttery, giving you a pickup that is very sensitive to pick attack. The Alnico 2 Pro bridge humbucker's highs are articulate and smooth, and the lows are warm and spongy. Combined with a high gain tube amp, the overdriven tone is expressive and soulful. For over 25 years Slash has been the champion of this pickup and used them exclusively on Appetite for Destruction, which has gone on to become the biggest selling debut album of all time. Hand built in Santa Barbara, CA, the Alnico 2 Pro humbucker pickups use an alnico 2 bar magnet, nickel silver bottom plate, 4-conductor lead wire for multiple wiring options, and are wax potted for squeal free operation. The bridge humbucker is available in standard humbucker or Trembucker spacing.
