Benedetto B7

11601-05 7-string sized humbucker version of the B-6 model. Mounts into any standard 7-string sized humbucker slot using a 7-string humbucker mounting ring. This pickup is naturally-voiced, mirroring the balance, warmth and richness of a fine archtop to help bring out its true acoustic essence. The tone is organic and articulate, and really brings out the tonal character of your guitar. The B-7 is a standard sized 7-string humbucker that mounts like any typical 7-string humbucker. It uses a 7-string humbucker mounting ring, and is a drop-in fit for any standard sized7-string humbucker pickup route. Designed for use with steel, nickel and bronze strings. Hand built in Santa Barbara, CA, the S-7 uses an alnico 5 bar magnet, and a single conductor co-axial cable.
